

MCS/VAD Virtual Support Group

The University of Minnesota Medical Center Mechanical Circulatory Support (MCS) / VAD Support Group is open to all patients who are being evaluated for, or have received MCS/VAD at University of Minnesota Medical Center. This includes patient families and caregivers.

MCS/VAD Support Group is a place for people to come and learn about MCS (LVAD, RVAD, BiVADS, NuPulse) from other patients. It is a place to share experiences and feelings related to MCS. It is a place to form special bonds with people who have had similar experiences.

MCS/VAD Support Group meets virtually once per week on **Tuesdays from 1:00pm--2:00pm**. You may join the group on your computer, smart phone or tablet. You can also call into the meeting on any telephone.

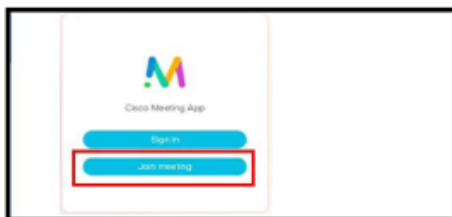

Instructions to join the meeting virtually are listed below:

At 1:00pm on Tuesdays, from your personal device, **use a Chrome, Safari, or Firefox browser.**

Type "join.fairview.org" and press Enter.
