

# Pediatric Heart Transplant MCS/VAD Virtual Support Group

The University of Minnesota Medical Center Pediatric Heart Transplant Group is open to families of pediatric patients who are being evaluated for, or have received heart transplants or MCS/VAD at University of Minnesota Medical Center.

The hope for the group is to create room for members to share their personal experiences and offer one another emotional comfort and moral support. Practical advice and tips to help you cope with your situation will also be discussed.

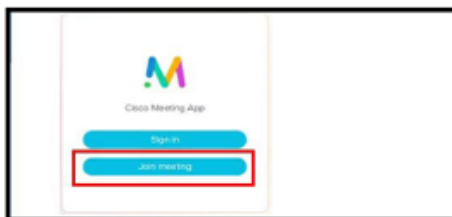

Pediatric Hearts Support Group meets virtually once per week on **Thursdays from 12:00pm--1:00pm**. You may join the group on your computer, smart phone or tablet. You can also call into the meeting on any telephone. Instructions to join the meeting virtually are listed below:

At 12:00pm on Thursdays, from your personal device, **use a Chrome, Safari, or Firefox browser.**

Type "join.fairview.org" and press Enter.
